Chapter 3 Critical Thinking
Learning Outcomes

Practicing College Learning Strategies
Carolyn H. Hopper
When you complete *Chapter 3 Critical Thinking* you are expected not only to understand the material presented but also you should be able to

**Solve** a given problem using the decision-making process.

**Distinguish** between fact and opinion.

**Develop** questions that use lower- and higher-order thinking skills using Bloom's taxonomy as a guide.

**Analyze** a case study, and **construct** advice for a student having difficulty with decision making.

**Explain** the learning process modeled in this chapter.
