Chapter 9
Test-Taking Skills
Learning Outcomes

When you complete Chapter 9 Test-Taking Strategies you are expected not only to understand the material presented but also you should be able to

- **Describe** strategies that you have found effective in preparing for a test.
- **State** strategies to use in taking any kind of test.
- **Use** strategies for objective tests: true/false, multiple-choice, fill-in-the-blank, matching.
- **Name, explain, and demonstrate** at least eight strategies to employ when writing an answer to an essay question.
- **State** strategies for dealing with test anxiety.
- **Analyze** a case study, and **construct** advice for a student having difficulty with test-taking skills.
- **Explain** the learning process modeled in this chapter.
