

Presentation by Laura Turner in "Citizens Comments" at the Williamson County Commission meeting, 13 Feb 2017.

Good Evening Chairman and Commissioners,

I bring you good news this evening. Mayor Anderson and the Highway Department are aware of the Old Town Historic Daffodil Project which has begun on the Old Natchez Trace.

Last Friday, we planted over 1200 historic daffodil transplants from Natchez Mississippi on our end of the Old Natchez Trace. This fall more historic daffodil bulbs...these are bulbs formally registered with the Royal Horticultural Society or known in gardens prior to 1940.....will be planted along the frontage of Old Town on both sides of the Old Natchez Trace.

These bright harbingers of spring are now starting to bloom along the Trace and they are a joy to behold. I can only imagine how spectacular the Spring of 2018 will be.

We will continue to do all we can to protect, preserve and enhance the Old Natchez Trace. I would like to share Sen. Bill Frist letter to the Mayor of Natchez Mississippi with you..... Mayor Anderson also wrote a thank you letter to Mayor Grennell.
